# Luxurious Xylophones

*My students need an additional soprano xylophone to expand our instrumentarium.*

## My Students

The students at my school are enthusiastic about learning! They come to school every day prepared to learn as much as they can about every topic their teachers present to them.

*The students love their specials: Music, Art, Library, Science, and P.E.*

The students take full advantage of using their creative abilities throughout their day, but specials time is a great opportunity for them to create with the many resources available to them! Music class is the heartbeat of the school!

### My Project

My students LOVE playing instruments. They are always eager to try different skills and techniques that I teach them. The mallet instruments are very expensive, and adding just one xylophone to our instrumentarium would be a huge win!

*Class sizes in the intermediate grades can hover at 40 kids.*

With 13 instruments available, I am looking to maximize the amount of students at the mallet instruments by adding one as soon as we can. We know how to share, but when it comes to the performing instrument group we certainly could use some additional barred instruments for us! This instrument will be truly appreciated.

Donations to this project are now being matched, thanks to support from An Anonymous Arts Funder. Every child should have access to essential art materials and experiences. An education in the arts makes children well-rounded, engaged, and active citizens of the world. This project has been supported in an effort to ensure that all students gain from the many benefits that arts education provides.
